

COMMUNITY CONCERT ELECTION

Dr. C. Harold Jameson Again Heads Organization—The Season's Plans

The Community Concerts Association held its annual meeting with a dinner in the large dining room of Hotel Rockland Monday night. About 50 members were present.

Following a very fine meal, the president, Dr. C. Harold Jameson spoke a few words of welcome, and then called for the report of the nominating committee. Mrs. Margaret Stone of Thomaston, committee chairman presented the following slate of officers for the year 1949-50.

President, Dr. C. Harold Jameson; first vice president, Mrs. William C. Brooks of Thomaston; second vice president, (co-general chairman) Miss Marian Ginn and Mrs. Doris Ames; third vice president, M. Ford Payson of Camden, (chairman of musical arrangements); secretary, Mrs. Beulah Ames, treasurer, Lendon Jackson; dinner chairman, Mrs. Dana Newman; publicity, Mrs. Keely ap Rice membership drive chairman, Mrs. Fred Snow; new directors, Mrs. Faith Berry, Dr. Gilmore W. Soule and Chester Wyllie of Warren.

Dr. Jameson spoke briefly on the start of the Association five years ago, paying tribute to each of its founders for the hard work and enthusiasm which had established the Community Concerts. He presented Mrs. Ruth Sanborn with a plaque, recognizing her endeavor, which made possible the purchase of the Steinway piano the Association now owns. The plaque which dedicates the piano to Mrs. Sanborn, will be attached to the instrument.

Workers envelopes were given out by Mrs. Fred Snow, chairman of the Membership Drive, starting Oct. 18, with campaign headquarters in the Thorndike Hotel. Members who would be on duty at campaign headquarters during the week were announced: Tuesday, Mrs. Oram Lawry, Jr.; Wednesday, Mrs. Gilmore Soule, Thursday, Mrs.

Sanford Delano; Friday, Mrs. Alex Vardavoulis; Saturday, Miss Dorothy Lawry.

Willard Sistare, New England Representative of Columbia Concerts, Inc., then spoke of the concert, telling of the recognition and honors which have come to many of the artists who have appeared before Rockland audiences during the past five years. A moving picture with music covering programs of artists in the Columbia Concert Circuit was shown, and artists noted, who may be among the 1949-50 selections for the Rockland series.

Thumbnail sketches of these artists will be published in a later issue. Selections cannot be made until after the membership drives which will show the support given by the community to these fine concerts. It is to be hoped that every music lover in Rockland, Camden, Thomaston and the near-by communities will support this great cultural enterprise.

Change Of Name

Raymond's Shoe Store Now Main Street Institution Run By Father and Son Team

Raymond's Shoe Store is the name announced today by Raymond H. Fogarty for his shoe store at 436 Main street. The store was long and successfully operated by the late Ralph E. Nutt and upon his passing was bought by Mr. Fogarty who has retained the former store name up to the present time.

With Raymond H. Fogarty in the operation of Raymond's Shoe Store is now associated his father, Ray Fogarty who brings with him 15 years of experience in the local shoe business. Both men are well and favorably known to the shoppers of this area.

SITUATION CRITICAL

Early returns at the Thorndike Hotel headquarters of the Knox County Community Concert Association campaign workers indicate a lack of interest and support of this community activity which is causing the executive committee much concern. Music lovers in this vicinity have been given the best in concert artists during the past four seasons, but a definite increase in participation and support must be indicated before the campaign closes Saturday or the association will be forced to discontinue the concert series. The best way to show your appreciation of the association's contribution to the musical life of the community is to become a member and actively support it.

Big Crowd On Hand

Formal Opening Of New First National Super-Market

At press time this morning the New First National Stores supermarket 331 Main street, had opened its doors and its formal opening was well under way as a great throng of interested citizens swarmed in for their first look around.

A complete description of the many improvements and modern installations has already appeared in these columns and the opening day crowd is showing a lively desire to see for itself. The plant is now ready for business and will remain open until 9 p. m. Saturday.

NOTED SPEAKERS ARE COMING

Series Of Bible Conferences In Knox County Begins In Warren Monday Night

Dr. John W. Bradbury of New York, will be the guest speaker at the Bible Conference to be held in Warren Baptist Church Warren, Monday Oct. 24, commencing at 7.30 p. m.

Dr. Bradbury is one of the best known Baptist leaders in the United States and has for some years been the editor of the Watchman Examiner, champion of aggressive and conservative policies among Baptists of all conventions.

He is in great demand as a Bible conference speaker in every section of the United States. At present, his assignment is to the War Relief Commission and Committee on Displaced Persons. Dr. Bradbury also serves as a trustee on the Board of Gordon College of Theology and Missions, located in Boston, Massachusetts.

This conference is open to all and is under the direction of local evangelical churches and the New England Fellowship of Evangelicals with offices in Boston, Mass.

This meeting Monday night in Warren is the first of a series of such conferences to be conducted during the Winter and Spring in Knox County and is part of the New England Fellowship of Evangelicals work. Sponsor of the local work is the Knox Evangelical Ministers Fellowship, of which Rev. Earl Hunt of Tenants Harbor is president.

Some very prominent men in the field will be brought to this section the next few months.

Schedule of meetings and speakers will be as follows:

Nov. 21 at the Advent Christian Church at Friendship, speaker Rev.

C. W. Slemming
Jan. 23, First Baptist Church, Rockland, speaker, Rev. George

John W. Bradbury

McNeil, recently elected executive secretary of the New England Fellowship of Evangelicals.

Feb. 10, at the Chestnut Street Baptist Church, Camden, speaker, Dr. W. H. Rogers.

March 27, at the Baptist Church, Rockport, speaker Rev. John Servey.

April 24, at the Baptist church Tenants Harbor, speaker to be announced.

May 22, at the Thomaston Baptist church, speaker, Rev. Homer W. Grimes, staff evangelist for the New England Fellowship of Evangelicals.

No meeting is set for the month of December, due to the holiday season.

HEARD A REMARKABLE TALK

Lions Club Addressed By Stuart C. Burgess, Assistant Attorney General

There were three guests at the meetings this week. E. L. Donovan, W. A. Risser and John Dyer of North Haven.

Howard Crockett and Lorne Wedlock were appointed on the November entertainment committee.

A report from the Director's meeting held last week: The sum of \$25 was given to each of the following: Polio Fund, Opportunity Farm and the Rockland Recreation Center.

Correction: The meeting with the Camden-Rockport Club on Tuesday Nov. 15 will be an Advisory Council Meeting for Lions Only and not a Zone Social as reported last week. Next week we are in for a special treat when Lion Wilbur will show his movies of the International Convention which was held in New York last June.

Mr. Sistare of the Knox County Concerts spoke briefly and told of some of the artists that they hoped to have for the concerts this Winter.

The Lions Club has been invited to attend the Kiwanis Club meeting Oct. 31 to hear Dr. Charles S. Phillips, President of Bates College.

Lion Wilbur Senter introduced as our speaker, Assistant Attorney

General Stuart C. Burgess, whose subject was, "Some Aspects to the Employment Security Laws." In giving the high-lights of the program, Mr. Burgess said, "There is no program, State or national, that affects more people than the employment security program. If we hadn't had the depression we probably would not have this program today. Some thought that the program was not constitutional because of taxing one group to help another group. Normally this would be called a discriminatory tax. The Supreme Court didn't say that this was so at all. On May 24, 1937 the court handed down the decision which was 5 to 4 that it wasn't fair for the State to carry

Manager Coughlin Reports Gains In the Rockland Industrial Area

During the month of Sept. it was noted that employment gains in the Rockland labor market were registered in industries other than seasonal in nature, according to an analysis of the month's activities made by John D. Coughlin, manager of the Rockland office of the Maine Employment Security Commission.

These gains were noted when additional workers were hired as a new shop industry in the area continued to expand its working force; additional employment was provided in the garment industry and a textile mill, after having been shut down for several months, reopened and called on the labor market for employees. Other workers who have been working on alternate weeks in other textile establishments have also returned to full employment and steady work for an indefinite period.

During September the demand for potato pickers for the Aroostook potato harvest resulted in the referral of over 100 workers to that area. It is also expected that, in the near future, additional workers will be absorbed in shoe manufacturing and in the garment industry.

There are hopeful signs that the textile industry may also make further demands although no definite commitments have, as yet, been made. Further employment gains should be registered when the fertilizer plants in the area resume their seasonal operations and the present run of herring should provide increased activity in the sardine industry during the next few weeks.

The general outlook is most promising with no significant lay-offs planned for October and every indication that the present employment level will be maintained, if not increased, during the next several weeks.

Dogs At South School

Officials Are Worried About Situation—Remedial Action Promised

A serious situation has arisen at the New South School through the prevalence of dogs congregating outside the building. Two children have been bitten this week by these running dogs and one child sustained a bite last week.

The majority of the animals accompany their young masters to school and then forced to remain out-of-doors, become restless with the results noted.

At a conference between Principal Ciaravino and Chief of Police Shaw it was decided to communicate by letter with all parents of the area urging that dogs be restrained to better the situation. If this fails and the dogs still appear around the heavily populated school house, drastic action will be taken because the hazard to the children cannot be tolerated.

THE BLACK CAT

By The Roving Reporter

Six feet of snow in Wyoming. Wish I was out in Cheyenne lending Ralph Smith a hand with the snow shovel.

"The writer was in a house this week which had 11 cats, all ages and sizes and all black and white except a tiger striped tabby, the grandmother of the others. The lady of the house said there were 12 until one got run over a few days previous. They were all nice looking cats and very tame letting the visitor pick them up and pet them. 'Too many cats' said the lady of the house, but we love them all, so what can we do?'—Bridgton News. What? No black cat?

When Mr. and Mrs. Vincent Gardocki were wedded in a Pennsylvania town strange relationships resulted. The bride married her sister's stepson. The bride's sister became her stepmother-in-law. The bride's brother-in-law, who is the bridegroom's father became her father-in-law. Her sister's two children, the bride's nephews, became her brothers-in-law. As for the bridegroom, his stepmother now also is sister-in-law, his father is his brother-in-law and his two half-brothers are also his nephews.

Trout River N. Y., has an expensive school pupil. She is Carolyn White, the only first grader in the town, and she is costing the 50 taxpayers \$2400 a year. The school's expenses are \$2000 for the teacher's salary and \$400 for books paper and wood for the stove. Carolyn likes being the teacher's "pet pupil," and says the only thing she misses is "someone to sit on the other end of the teeter-totter during recess."

YOUR FAVORITE POEM

If I had my life to live again, I would have made a rule to read some poetry and listen to some music at least once a week. The loss of these tastes is a loss of happiness.—Charles Darwin.

AUTUMN NIGHT

Here in Summer's last encampment Stand the cornshocks, row on row, Lost in mist along the meadow Where the willows go.

Lamps like signals through the valley Farm to farmhouse, light to light, Mark the outposts of the Autumn Closing in the night.

Silent is the waiting orchard Where the road turns back to town, Silent lies the tented cornfield Where the gates are down.

From the creek beyond the willows Stones and water make debate With a sound of tethered horses Grazing where they wait.

Smallest Dog Won

Results Of Last Sunday's Canine Races Held In Waldoboro

(by Gene Letourneau)

One of the smallest beagles in a pack of 28 Sunday, was the unanimous choice in the 15-inch all-age open class during a hard, three-hour chase which climaxed a field trial program by the Central Maine Beagle Club.

Old Field's Roxey, owned by Lawrence Libby of Waterville, was scored throughout the chase, seldom being out of the lead on checks, and had a comfortable margin on points. Second place went to Bietelas Jasper Rocky, owned by Dick Benner of Waldoboro.

The beagles trailed wild snowshoe rabbits and scenting conditions were good following Saturday's rain. The trial was the last in the Maine circuit and winning dogs qualified for the State championships to be run in November.

The summary 15-inch all age class: Won by Old Field's Roxey; second, Bietelas Jasper Rocky; third, Mary's Traveler, owned by Ralph Murray of Saugus, Mass.; fourth, Canibus Pilot, owned by Libby and fifth, Eastern River Paleface, owned by Villa Munsey of Wiscasset.

13-inch all-age class: Won by Jennen's Black Diamond, owned by Ralph Simmons of Friendship; second, Merrimack Sally, owned by Harry McNaughton of Concord, N. H.; third, Eastern River Paleface; fourth, Canibus Pilot fifth Yellow Pine Beauty, owned by W. A. Sturtevant of Oakland.

Derby class: Won by Merrimack Sally; second, Arthur's Little Rocket, owned by Simmons; third, Ivandale's Lucky Lady, owned by Ivan J. Roy, of Winslow; fourth, Yankee Girl; 3d, owned by Kenneth B. Hilton of Waldoboro and fifth, Wanna's Busy Girl, also owned by Hilton.

KNOX COUNTY WELL UP

Sales of U. S. Savings Bonds in Maine continue to increase according to a report just released by Harvey M. Pickett, State Director, U. S. Savings Bonds Division of the Treasury Department. September sales of Series E Savings Bonds reached \$1,122,068—6½ percent ahead of sales in September of 1948, and 14 percent ahead of September, 1947. That Knox County is not lagging in Savings Bonds sales may be judged from the fact that the September total was \$36,388. The county led Franklin, Hancock, Lincoln, Oxford, Piscataquis, Sagadahoc, Waldo and Washington. Cumberland, as naturally would be expected, did the ABON BEN ADAM stunt.

THAT GRIM ENEMY, POLIO

The total number of polio cases in Maine had reached 405 the first of the week. Not a large number in comparison with the State's population, but the critical feature of it is that nobody knows when and where the disease will strike next. Polio is a bad actor.

NEW YORK'S BIG SCRAP

Attracting the attention of all New York voters is the special U. S. Senatorial election, now only three weeks away. Lehman, the Democratic candidate, falls back on that old chestnut by charging that Senator Dulles, the Republican, is a member of the "Old Guard." And so have been many other prominent Republicans, nowise ashamed of the fine record many "Old Guardsmen" have made down through the century. One thing about it, Senator Dulles is no "stuffed shirt" and can well afford to face the New York voters on his record. And up to date Lehman has never accepted his challenge to a joint debate.

STRIKE WARNINGS

A shutdown of the nation's steel mills doesn't slam the brakes on industry all at once. Neither does a strike throughout the coal fields—unless it is winter and the stockpiles above ground are low. But ever since Philip Murray and his policy committee added the steelworkers to the already idle coal miners it has been evident that unless settlements came in a few short weeks a national emergency would. Concurrent statements by Secretary of Commerce Charles Sawyer and Dr. Edwin G. Nourse, chief of the President's Council of Economic Advisers, sound like officially inspired warnings to both sides that time is running out—that if they want settlements other than by way of government intervention they had better hurry.

The promise of these warnings would be greater if it were clear that every one of the disputants wants to or can accept a compromise without government help. As we have underlined previously, the present critical hour in the CIO's fight to at once purge leftist leaders and salvage non-leftist members makes it next to impossible for Mr. Murray to give ground on his own initiative. Short of invoking the emergency provisions of the Taft-Hartley Act which seems unlikely in view of the corner Mr. Truman has maneuvered himself into, and because one fact-finding board has already reported, or the seizure powers of the Selective Service Act (which seems a most probable last resort), the President can, of course, put forward his own settlement formulas and call on all parties to accept them.

Unfortunately (we think), in the matter of the steel dispute the White House would be unlikely to propose a specific settlement which varied greatly from the recommendations of the steel board, including non-contributory pensions. If the steel industry has still one more offer of its own in reserve which it deems better than the steel board's solution, now would seem to be the time to call up Cyrus Ching.—Herald Tribune.

But Maybe Franklin Curtis Of Long Cove Is Only a Distant Cousin

Long Cove, Oct. 19.

Editor of The Courier-Gazette:—

Ed. Curtis worked in Old Town in 1906 helping saw wood. When they came near the end of the job, Mr. Young, the man who owned the 12-horsepower sawing machine, looked at the remainder of the wood to be saved and said:

"I want to start for home a little earlier tomorrow night, but I don't see how I can. There are 27½ cords of wood left, and I don't believe three of us can do it."

Said the elder man, "I can take

it away from the saw, but who's going to put it on?"

"I can," said Curtis.

The next morning at 7 o'clock they were on the job, and just seven hours from that time Mr. Young was on his way out of the yard and headed for home. Ed. Curtis put on three cords, 7½ feet per hour. Any of the other days they sawed 22 cords in eight hours.

I have a dollar bill waiting for the man who can put on any more wood than that in seven hours.

BUILT IN A HAYLOFT

Out of a Rockland hayloft has come a trim 26-foot Marconi-rigged sloop, built in the spare time of Lucien K. Green, Jr. of that city in the past three years.

The sloop was lifted through the hayloft door by blocks and tackle, one of which was attached to a weather vane. Two automobiles pulled on lines to facilitate the "launching" as the neighbors cheered. The 1,000-pound lead keel was attached after the sloop had been removed from the barn. How does the sloop sail? "Wonderful!" exclaimed Green, who is engaged in the fur business. His wife christened the craft Ginny.

The boat sleeps two and is

equipped with a galley and toilet. Known as the Pacific Interclub

class, the sloop carries 225 feet of sail. Her hollow oval mainmast is 32½ feet tall. She's six feet on the beam and draws four feet. It cost Green \$1,000 in material and a good many manhours.—Motor Boating.

Legal Tomorrow

Deer Hunting In Six Northern Counties—Publicity On Accidents

With deer hunting legal in six northern counties tomorrow morning, Inland Fisheries and Game Commissioner George J. Stobie reminded hunters that an outbreak of accidents could lead to further restriction of their sport.

"There is talk of requiring examination of applicants for hunting licenses" Stobie said. "In Maine we have tried to keep red tape cut to a minimum and we do not want to restrict sportsmen any further. However, the issue rests squarely on the shoulders of hunters themselves. Obviously, the loss of life cannot continue without an aroused public and laws limiting the activities of those who engage in hunting."

A recent survey by the New England Outdoor Writers Association, the commissioner stated, showed that the spotlight of nationwide publicity is shining on hunting accidents. "Maine has gone further than most States in trying to educate hunters to be careful and because of this we have received unfavorable publicity whenever an accident has occurred. Nevertheless, we have persisted in the campaign and intend to go even further. If we can save one life, the effort will have been worthwhile."

Most of the accidents in the past have occurred during deer hunting, the commissioner said. He warned sportsmen to be sure of their target; to avoid long range shooting; to carry guns with muzzle away from companions; to unload them before getting into cars; not to shoot at water or rocks; not to mix gunpowder with alcohol, and to remember every minute that a loaded gun is a lethal weapon, spelling death if carelessness results for even a second.

"The List Of Killers"

Is Headed By Defective Brakes On Motor Cars, Says deWinter

Maine motorists should stand by and watch when mechanics give their vehicles a safety check this month, Sgt. John deWinter, Director of the Maine State Police, Traffic & Safety Division advised. Sergeant deWinter pointed out that "even a small motor vehicle defect, if ignored, can lead to a bad accident and even death. That's why it's so important that motorists make sure they are getting a good inspection when they have their vehicles checked for Maine's Fall inspection sticker."

"When you consider that the improper maintenance of lights, horns, brakes, tires, etc., contributes to 6 percent of Maine's total accidents, the importance of an honest, thorough inspection becomes very apparent," he said.

"Defective brakes head the list of killers, followed closely by improper lights, steering mechanism defects, and worn-out tires," deWinter disclosed.

All Maine motor vehicles must carry an inspection sticker by Nov. 1, deWinter reminded.

The Booster Club

Class Officers Invited To Help Formulate Plans For Widening Scope

A meeting of the Rockland Booster Club will be held tonight at the office of its president, Domenic Cuccinello, 407 Main street, at 7 p.m. The class officers of the four classes in High School have been invited to this meeting to help formulate plans to widen our scope of activities and increase membership. Dues this year have been reduced to \$1.00, thus enabling everyone to join, increasing our membership and revenue.

You hear criticism of our team on the street. Some say it is the coaching, some say it is the boys, but did you ever stop to think that a good part of the trouble can be laid on our own doorstep—lack of interest. No school can win every year and if the boys fight and play a good game and yet lose, it is no disgrace. It is easier to win or lose before a big crowd as the team knows you have faith in them.

The game with Winslow, Saturday shapes up to be a rundering, so let's all get out and cheer our team on to victory as they will be in there fighting their heads off.

The Booster Club is trying just this, so see any Booster member, give him \$1.00 and become a "Booster." By doing this you will help Rockland to climb to the top in athletics.

ENROLLED AT ITHACA

Leroy E. Peasley of Rockland is among the 354 students enrolled at Ithaca N. Y., College this semester. This class approximates the number enrolled a year ago. Total registration at Ithaca College is 1395, a decline of but 5 percent over the record high of last year.

Mr. Peasley enrolled in the Physical Education Department, is the son of Mr. and Mrs. Lloyd M. Richardson, 74 Waldo avenue, Rockland. He graduated from Morse High School, Bath.

Lloyd Daniels of Daniels Jeweler's attended the Maine Gem Study Group at West Paris. A large group heard Stanley Perham, mineralogist, gave a talk on Maine Gems, also showing the group and demonstrating in his laboratory how the gems are cut, fashioned and polished. The group were taken out to Mount Mica to actually observe a mineral mine and see where some are found. Members of the group of the best tourmalines in the world had the opportunity to bring home some of the minerals as they occur in their rough state.

Plans are being given the final touches for the annual Armistice Ball of Winslow-Holbrook-Merritt Post American Legion. The big affair will be held the night of Nov. 10 at Community Building and Wayne Drinkwater's Orchestra will provide the music.

Grand Master Granville C. Grey of Presque Isle was given a reception in Masonic Temple Tuesday night. In his suite were Judson Lord of Warren, senior grand warden; Merton Leach of Oakland, junior grand warden; Ewing Landers of Augusta, deputy grand master; and Convers E. Leach of Portland, grand secretary. The event had as its hosts the local blue lodges, and supper was served by the Eastern Star. A surprise feature was the presentation of an engraved pen and pencil set, the presentation being made by Postmaster William E. Koster of Rockland Lodge.

Indian pumps and bucket brigades were brought into play at Spruce Head yesterday to quell a brush fire on the land of Lewis Simmons, the blaze was a small one but high wind made it threatening.

Dividend Payments

No Prospect G. I. Checks Will Be Mailed Before Next January

M. L. Stoddard, manager of the V A Center Togus, Maine, acting on information received from VA's Central Office in Washington stated today that there is no possibility that any checks in payment of the special National Service Life Insurance dividend will be mailed before January 1950.

Stoddard said that reports that checks might start going before Christmas were "absolutely without foundation."

"The fact is," Stoddard said, "that Central Office is even working overtime in an effort to get these dividend checks to the veterans entitled to them according to the present schedule which calls for the first checks to be dispatched around the middle of January."

An estimated 16,000,000 veterans and servicemen, of whom there are over 87,000 in Maine, are entitled to a share of the \$2,800,000,000 dividend. Once payments start, checks are expected to go into the mails at the rate of 200,000 per working day.

More than 12,000,000 applications for dividend payments have been received in Washington since application forms were made available last Aug. 29.

Eligible veterans who have not yet applied may obtain forms at any VA office, post office or from veterans' service organizations.

Call To Catholics

Asked By Bishop Feeney To Respond To World Wide Appeal Of Mission Sunday

A call to all Catholics in the State of Maine to respond next Sunday to the nation wide appeal of Mission Sunday was issued this week by the Most Reverend Daniel J. Feeney, D.D., Auxiliary Bishop of Portland.

In a letter to all clergy, religious and lay people throughout the State Bishop Feeney calls upon Catholics to renew or enroll now as members of the world-wide Catholic mission organization, in accordance with the personal invitation previously sent out by Pope Pius XII.

Bishop Feeney pointed out the need for support for the 86,000 priests, brothers and sisters from the United States in the mission fields, who, he declared, "have the faith, courage and love of God and souls to do what we dare not do." He stressed the paramount importance of daily prayer for the success of the Missions, in addition to the usual financial support.

Rev. John T. Arsenault, diocesan director of the Society for the Propagation of the Faith, which supports the world-wide missions at home and abroad, declared that the American press and radio still lending its full support to the observance of Mission Sunday. Every Maine radio station is co-operating with a series of transcriptions and many newspapers will carry special articles on the work of the Missions. Father Arsenault announced.

Hundreds of Maine men and women are giving their lives at the present time in the home and foreign missions. Father Arsenault declared, should give a special incentive to Maine Catholics to respond to next Sunday's appeal.

The Kiwanis Club

Member Of The State Legislature Discusses Medical Aid Bill

Representative Linwood E. Palmer, Jr., of the Maine State Legislature spoke on the subject of the Murray-Dingle-Wagner Medical Aid Bill. He emphasized that nothing is free by illustrating figures and costs. He stressed the point that any advantages gained under such a plan would have to be more than paid for by all the people.

He drew a comparison between the situation in England where an estimate was later proved to be an error and the resulting cost of the service rendered has multiplied tremendously. Mr. Palmer asked that we, as voters, evaluate and think through any proposed legislation and analyze it carefully, discuss it among ourselves and with our neighbors, and particularly he stressed the necessity of advising our representatives as to just how we stand on many of the current issues.

Mr. Palmer felt that in our own State our educational facilities are not up to a national standard and through a readjustment of the tax dollar less tax on real estate of taxation he feels that our educational facilities can be greatly improved still we must eliminate many unnecessary and extravagant expenditures in order that we may take care of what is really essential.

"The education of our youth to be future citizens is one matter that Mr. Palmer feels can not be neglected. An ill informed electorate and one unable to analyze the problems becomes an easy victim to demagogic leadership. Mr. Palmer spoke with great sincerity and conviction and it was the consensus of opinion of the members that he is really an outstanding member of the Maine State Legislature—By E. L. Donovan.

Teach Safe Driving

Custom Begun Under Principal Blaisdell Now Being Widely Followed

Announcement is made by the National Automobile Dealers' Association that 4635 High Schools throughout the country have so far this school year enrolled more than 400,000 students in safe-driving classes. Instructions include both classroom work and actual behind-the-wheel driver training. "It is anticipated that, as the school year advances, additional thousands of teen-age students will join the classes," the bulletin declares.

"It is important that such a large segment of the 2,000,000 young people who annually become eligible for a driver's license have demonstrated a serious desire to improve their driving habits. Traffic records show that high school students who have completed these driving courses are involved in only about one-half as many accidents as the untrained students.

"Considerable credit for the success of this educational project is due to members of the National Automobile Dealers' Association who have made available to High Schools the free use of millions of dollars worth of cars employed in driver training.

"The Inter-Industry Highway Safety Committee and the National Education are cooperating in the movement, the latter having prepared most of the classroom material."

MRS. W. R. BALLARD

Mrs. Estelle Ballard, 98, widow of Capt. William R. Ballard, pioneer Puget Sound mariner, business man and founder of Ballard, died Oct. 6, of pneumonia at the Samuel and Jessie Kenney Presbyterian Home for the Aged.

In failing health for the past five years, Mrs. Ballard was stricken three days ago. She had resided at the Kenney Home since Jan. 1, 1947.

A native of Rockland, Maine, Mrs. Ballard was married to Capt. Ballard, Nov. 12, 1882. She became the mother of five children, four of whom died in infancy. She is survived by one son, Stanley and two grandsons, David and William Ballard.

Captain Ballard, operator of an early passenger service between Seattle and Olympia together with Judge Thomas Burke and John Leary, organized the West Coast Land Company which purchased 700 acres of land on Salmon Bay which is now the Ballard district. Ballard was named in his honor. —Seattle Post Intelligence.

The deceased was a sister of Capt. Thorndike and Mrs. James Bothwell, former residents of South Thomaston.

Selected For Senior Class Class Play In Rockport—Student Council Elects

Ladies! Just what you've been looking for! A rummage sale will be held by the Junior class Nov. 19 at Town Hall. Read the paper for further news.

The Seniors had a baked bean supper with all the fixings last Friday. Proceeds will go toward the Washington trip.

The library has five new books added to its collection.

All students appreciated our first holiday of the school year, Oct. 12. Are we glad Columbus discovered America?

Senior proofs for their class pictures have arrived.

"The Jade Ring," a mystery comedy, has been selected as the Senior Class play. Playbooks have been ordered and the cast will be chosen as soon as possible. The date set for the play is Dec. 2.

Basketball is swinging into full action. The schedule is being filled and practice for both girls and boys will begin in about ten days.

The officers elected in the Student Council are as follows: President, Esther Hall; vice president, Marion Lane; secretary, Janice Lofman; treasurer, George Heath. Vestina Fiske has returned from Boston, where she has been visiting over the week-end.

The new members who were admitted into the Library Club are: George Heath, Robert Bartlett, Ralph Smontom, Percie Fiske, Vestina Fiske, John Cavanaugh, Alec Knight, Carolyn Richards, Eleanor Ausplund, Janice Lofman, and Pat Straub.

1944 was the year with the lowest amount of benefits, \$320,601. This may be compared with the largest sum paid in one week, the week of May 7, 1949 of \$502,329.47. This represents 21,267 unemployment claims and 8723 claims under the Service Man's Re-Adjustment program. Since the program started, over \$70,000,000 has been collected. The amount paid out in 1948 was \$5,482,189 in employment benefits.

ROCKETS STAGE AN UPSET

Their Record Total Features Week's Bowling At Lucky Strike Alleys

(By Joe Talbot)

The Diamonds climbed back into first place in the Ladies Four-flusher League with a four-point victory over the Hearts, the latter salvaging one point in the final string. It was close all the way, with the margin of 46 pins on the total. Dot Thomas hit 58 to lead the Diamonds, while Irma Lacombe bowled 243 to top the Hearts.

Benny Whittier's 271 was high line, as the Cubs knocked the Spades right out of first position, taking four points on a margin of 24 pins. Capt. Ames was the stand-out performer of the evening, rolling up a nice 291 total in a losing cause.

With the lads from Belfast this week, we find the Cows taking the league leading Ramblers over the bumps for four points, thanks to the excellent rolling of Otis Staples and Ernie Rummy who had totals of 306 and 295 respectively. Terry and Bryant performed well for the Ramblers, having totals of 296 and 294 respectively. The Ramblers are still running well in front, in spite of the loss.

The Benders threw confusion into the ranks as they upset the second-place Crusaders and with Lorne hitting 271, they are now resting precariously in second position. Bill Hall threw a few curves down the alleys to grab off a 268 total and led the Crusaders in defeat.

The Oct 18th matches in this league have been postponed and will resume operations on Oct. 25. The Rockland Shellites continued to sweep all opposition aside in the Hotshot League; downing the Rockport Boat Club on the strength of the superb bowling of Al Win-

chenbach. Al rolled up singles of 91-130-122 to establish a new record total of 343. "Hammering Hank" Bohndell continued to pace the Club team with a 300 total.

The Legion has complete control over second place, thanks to a five-point victory over Tom's Lunch, with Parker leading the Legionnaires with a 266 total. Capt. Tom Aylward hot with a 275 total for the losers.

The Shellites also set up a new record team single in this match, with 508, but failed to break their own record total of 1431 by just three pins. They have lost only one point so far this season and at the present writing, are heavy favorite to retain their championship.

The Lucky Strike A's were given a battle by the Clippers in the Speed League after the shooting was over, the A's emerged with three points while the Clippers had to settle for two. Mr. A. Clark Young, that debonair manager of our local fish emporium, was exceedingly rapid, setting up a new high-single with 139, also gathering in the evenings high-total with 331. Keith Richards, the stalwart anchorman for the Clippers; performed very ably, to come out with a 327 total. "Meat Hook" Bagley gave Young some staunch support with a nice 316 total.

The Champion Aces rebounded this week, to knock off the All Stars four points to one, as Herrick and Perry hit 303 totals. Warren "Kerosene Finish" Colwell performed nobly for the losers, clipping off a 317 total.

The upset of the week occurred in the Independent League, as the Rockets rolled up a record 1441 total to sweep five points from the

In Operation "Miki"

Henry W. Wooster Of Rockland Is Serving At Schofield Barracks, T. H.

Headquarters, Schofield Barracks, T. H.—SFC Henry W. Wooster, son of Mr. and Mrs. Oscar Wooster, 18 Hall street, Rockland, Me. is taking part in operation "Miki."

Operation "Miki" is designed as a training maneuver for the troops of the Second Division, United States Army, now stationed at Fort Lewis, Wash. It consists of the assimilated retaking of the island of Oahu Territory of Hawaii. Oahu has supposedly been taken and held by the troops of a mythical foreign nation. This maneuver will take place during October, 1949.

The individual listed above will represent the army of the Foreign nation. They are presently assigned to the United States Army, Pacific and are members of the 5th Regimental Combat Team, recently transferred to this station from Korea.

league-leading Lucky Strike B's. Bunny Young, that true sportsman from J. C.'s Hardware department tied Bolduc's record-total of 320 with a top single of 126, while substitute Aylward gave him much needed support with his 309 total. Bill Clayer, that underpaid, overworked, G-man, continued to slaughter the maples for a 307 total to lead the B's. In all fairness to the B's I feel that we should mention the fact that Dave Crockett Jr., General Seafood's financial manipulator, was unable to attend, which may or may not have had some bearing on the outcome of this match.

The Giants pulled together very well, to the Rangers four points to one, with Joe Buldo leading the way with a .67 total. Eddie Marcello was the Ranger's best man, rolling a 234 total.

Mrs. Adams Praised

Former Librarian Of Rockland Library Merits Words Of Alumni Bulletin

In a recent number of The Loomis Alumni Bulletin is a complimentary notice of the work of Mrs. Winifred Coughlin Adams, formerly librarian of the Rockland Public Library. The printed notice covers a page of the publication. It says in part:

"It is now the place where up-to-date reference material serves the faculty and students, where magazines and newspapers may be found to please almost all variety of interests. Mrs. George Adams, the librarian, presides and assists faculty and boys alike in the pursuit of course material and projects.

"Under the direction of Mrs. Adams the room is kept alive with interesting exhibits in the belief that if boys can be lured into the room under any circumstances they may become interested in books and the book habit. On dismal afternoons of the winter term a roaring fire is occasionally laid on the hearth and tea served to the various classes, during which some light and amusing literature is read aloud.

"The reference shelves now contain the latest editions of the best encyclopedias, and the library collection on has now risen from a total of about 3000 to a collection well over four thousand volumes. A circulation system comparable to that in any standard college library has been instituted, as well as a vigorous program of fines from the boys."

Hayseeder's Ball

As a part of the observance of Fire Prevention Week, Fire Chief Allen Paysch gave an interesting talk to the Freshman science classes last Thursday. In his talk he stressed the ways in which the eliminated. He also discussed two many fire hazards in homes may be methods of stopping fires, how to determine whether or not it is safe to enter a burning building, and what to do if you are caught in a burning building.

Twice during school hours Friday the students were surprised by the sound of the fire gong. A check-up revealed that the building was vacated in 40 seconds during the second fire drill, an appreciable improvement over the first drill.

Plans Made For Inspection Nov. 10—An Interesting Program

In a recent meeting of Edwin Libby Relief Corps a letter of thanks from Togus was read, a donation to Opportunity Farm was made and plans for the coming inspection were made. Mrs. Marion Libby of Turner, will inspect Nov. 10, at which time candidates will be taken into membership.

Mrs. Rose Sawyer, president, reported the day's activities, including quilt tacking and supper, which was well attended.

Mrs. Eliza Plummer, patriotic instructor, presented a program including readings and short skits, while Mrs. Marion Springer gave an interesting reading, entitled "The Making of the American Flag By Betsy Ross," the flags making a tableau and receiving much applause.

Mrs. Velma Marsh, "A Smile," Mrs. Addie Kaier entertained at the piano and sang two vocal selections, "An Evening Prayer" and "The Old Refrain." Mae Cross, "Fraternity, Charity and Loyalty," Mrs. Harriet Thomas, "Our G.A.R. Boys," and Mrs. Millie Thomas "Philosophy." Mrs. Plummer asked questions on Columbus.

Mrs. Myra Watts, vice president, gave a report of welfare, including

a donation to the Polio Fund and other remembrances to sick and shut-in members.

Mrs. Beulah Larrabee and Mrs. Harriett Thomas were welcomed back after a long absence.

Congo Church Chat

Congregational Men's Association met Friday night at the church for an excellent meal prepared by the Odds & Ends, under the direction of Mrs. Lawrence Plummer, chairman. Forty-seven men were in attendance for the meeting which included, in addition to the supper, a business period, and the showing of a color film "Alaska and the Yukon" through the kindness of the Canadian National Railways.

Clayton R. Butler, president, presided over the business meeting, during which the plans for a concert to be presented Dec. 7 at the church were approved.

The committee in charge of this concert consists of L. E. Jones, the president and the pastor, with Mrs. Nettie Bird Frost as technical advisor. It was announced that the Rounds Mothers would serve the November supper.

Attendance at the Church School reached a new high last week with 124 pupils present.

Mrs. Doris Lindquist was in charge of the worship service at 9.45 last Sunday morning when

The White Ribboners

Business Transacted At Friday's Session With Mrs. Louise Ingraham

The W.C.T.U. met Friday afternoon with Mrs. Louise Ingraham. Mrs. Mabel Rollins conducted the worship, on the theme "Know the Truth, and the Truth Will make You Free."

Mrs. Ethel Colburn, director of department of Literature, gave a report on what literature had been distributed the past season, and showed several new posters for display in public places; also the pamphlets "It's Smarter Not to Drink" for school and college service; and the "Black Book of Repeal" for community information on what "Drink" is costing the people.

Miss Charlotte Cook read an article on "Our Jubilee Year" in which it was stated that the W.C.T.U. has published the Union Signal, a weekly journal of social welfare, and the Young Crusader, a monthly magazine for the boys and girls, for 75 consecutive years, in which time it has never faltered, but has had the courage and realism to insist upon facts, and not be swept off its feet by pressure nor ridicule.

It has been the constant struggle of the Alcoholic Beverage Traffic and their friends to close the doors of public information, the press, the radio and even the pulpit. It is, and must be, our objective to re-open these doors, and to get correct alcoholic information past them and to the public, especially our Youth.

It was voted to renew subscriptions to the Union Signal for the local pastors; to maintain distribution of free literature at the bus waiting room and Railroad Station; to purchase two books, "Alcohol Reactions at Yale," by Ernest Gordon, for study and review. "Alcohol Problems Visualized" for use in the schools.

Mrs. Susie Lamb asked members to save their friends to close the doors of empty Carter's Ink bottles, used pencils and pieces of bright colored woolen, for the work of veterans at Togus.

You ought to be driving a '49 PONTIAC

A Product of General Motors

Here's Where the Best Begins!

Most people look no further after they've had a good look at a 1949 Pontiac—they know that the best begins here!

Here is the best in beauty—with a "Silver Streak" personality all its own. Here is the best in performance—thanks to Pontiac's great engines, straight eight or six. Here is the best in comfort, luxurious detail and appointments.

And here is the best in real economy—a sensible price to begin with and the famous Pontiac record of rolling out miles and miles and miles with only routine servicing.

The best begins right in our showroom—come in and see!

THERE'S MORE COMFORT IN A PONTIAC!
It's so much more to ride in a Pontiac—there's loads of head- and leg-room, the doors are wide for easy entrance and exit. Every mile is smooth and comfortable.

Union High School

Close Baseball Victory Over Warren—The Girls Start Basketball Practice

Wednesday Union was host to Warren in their third baseball game of the season. Ralph Hartford pitched for Union and Kenneth Farris did the honors for Warren. It was a close game, the final score 6-5 with Union winning.

Representatives from this school will attend the meeting of the Bulwer League officials to arrange the basketball schedule for the coming season. The meeting is being held at 4 p. m. next Monday at Wiscasset.

Miss Shaw assisted by Mr. Gibson has started girls' basketball practices. Candidates for the team are Phyllis Wentworth, Patricia Waters, Annie Moore, Elaine Robbins, Sylvia Farris, Gloria Lenier, Faye Austin, Faye Robbins, Jeanette Upham, Sandra Morine, Sandra Richards, Frances Guyette, Charlene King, Juanita Upham, and Joan Knight.

A new moving picture projector was purchased from the athletic fund of the high school last week. For the benefit of the seniors movies will be held each Friday night at the main room of the high school. A Laurel and Hardy production is to be presented next Friday night.

The Union baseball team went to Appleton last Tuesday, where Ralph Hartford pitched a two hit game to make them victorious 10-2.

The "Blues" are champions of the magazine drive at U.H.S. Their total of \$236.50 added to the Whites \$203.95 nets \$440.55 from the High School. High salesmen Tuesday were Allen Martin and Anne Calderwood. Each received a cash prize. On Wednesday Frances Guyette was leader with Esten Peabody and Robert Newbert tied for second place. Their prizes were

To Present "A Ready Made Family"

Cast of the Thomaston High School play "A Ready Made Family," which will be presented at Watts Hall Friday night at 8 o'clock. Mrs. Fred C. Gatecombe is faculty advisor and coach of the group. Left to right in the front row are: Constance Knight, Edith Hunt, Katherine Lewis, Greeta Lundin, Priscilla Burton and Joan Young. Back row: Frank Hardy, Alden Sewall, Mrs. Gatecombe, Elwyn Henderson, Robert MacFarland.

additional credits.

Geraldine Hannon took up top honors Friday morning and received a doll as her prize. Again second place was a tie; this time between Anne Calderwood and Arlene Luce, each receiving twelve candy bars. On the final morning in the contest, Frank Austin was high salesman with Bliss Fuller a very close second. A special certificate for achievement was given to Allan Martin for more than ten sales.

These 21 Union High boys reported

for basketball practice Monday, Oct. 10: Edward Cramer, Edward Mountainland, Esten Peabody, Paul Leonard, Donald Cramer, Buster Dickey Day, Dicky Goff, Walter Lind, Royce Butler, Duane Rowell, Henry Waters, Robert Newbert, Keith Burns, Gary Newbert, Joe Luce, Alan Martin, Dwight Howard, Gordon Grennell.

Only six of them were new on the team. It looks like Coach Kenoyer is going to have plenty to choose from.

Miss Donna Shaw also announced girls' practice for Tuesday afternoon. The basketball season's really getting underway. Both teams are looking forward to a full schedule this winter.

ORFF'S CORNER

Miss Carol Bragg spent the weekend with her grand parents, Mr. and Mrs. Calvin Bragg.

Lee Peacock was home from Bates College for Saturday night and Sunday.

Mrs. Rosa Hall returned Wednesday

Start First Day

Career Counseling and Guidance Should Not Await Senior Year

Career counseling and guidance should start from the first day the student reaches the college, said Dr. Charles F. Phillips, president of Bates College, speaking before the annual meeting of Eastern College Personnel Officers at Poland Spring.

"In many colleges there is a strong tendency to concentrate all day from Tenants Harbor where she was guest for a few days of Mr. and Mrs. Fred Giles.

Mrs. Fred Eaton R.N. of Thomaston was guest Friday of Mrs. Albert Elwell.

The attractive new home being built for Mr. and Mrs. Wallace Prock is nearing completion.

Mr. and Mrs. Arthur Leavitt have returned to Whitinsville, Mass., after a weeks visit with Mr. and Mrs. Harry Creamer.

Mr. and Mrs. Albert Elwell and daughter Elizabeth returned Tuesday from Plymouth, Mass., where they attended the Elwell-Vannah wedding.

Mr. and Mrs. Everett Borneman returned Sunday to Townsend, Mass., after a weeks visit with his brother and sister-in-law, Mr. and Mrs. Clyde Borneman.

Mr. and Mrs. Forrest Wall and daughters Phyllis, Carol and Jean of Tenants Harbor were calling on friends here Sunday.

Mr. and Mrs. Caroline H. Elwell (Leona Vannah) returned Sunday from their honeymoon spent in the White Mountains, and have begun house keeping in the Meyer Summer residence until their new home is completed.

This community was saddened Oct. 13, when it learned of the death of Mrs. Gertrude Smith at her Stratton Corner home. Mrs. Smith was well known and had many friends here.

ANOTHER THRILLER IN STORE

Can Rockland Tigers Down Winslow—Analysis Says They Can

The Winslow eleven, another orange and black squad, will come

career emphasis and placement activities in the student's Senior year. It seems to me," said Dr. Phillips, "that this is a definite mistake. If our placement activities are to be successful, we must make a student career conscious from the day he enters college.

"We need to put him through available interest and aptitude tests early in his Freshman year. Each year we should bring to the college campus people from various careers so that the student will be aware of the many career possibilities open to him. Career counseling should extend throughout the entire four-year program. Only such a four-year program," concluded Dr. Phillips, "will enable a student to be placed properly at the end of his college course."

to the Lime City Saturday to face the locals on the Community Park gridiron at 2 o'clock.

Coach Ken MacDougal and Sgt. John Todd journeyed to Skowhegan last Monday, when Winslow was there, in order to have a look at Rockland's next opponents. In talking with some natives of Winslow they discovered that the locals have never defeated Winslow.

Some of our own citizens argue the point but no one can remember the exact date of the event. Whether or not the local squad has ever won, the boys are anxious to make good in this game, the first played in Rockland for a month. The Rockland Booster Club is behind the squad and expects most of its members to be present at the park on Saturday. The game last Monday at Skowhegan was a close battle.

Here is the data. To date this season Winslow hasn't won a game. Rockland has defeated Skowhegan this season already, 6-0. Madison walked on Winslow by 30 points, scoring only 12 on the Lime City squad. Winslow also lost to Gardiner.

The Winslow team, operating from both the single and double wing, is sparked by fullback Jollicour, who plays with his right arm only due to a physical handicap. And Babe Poulin, who plays end on defense and changes to half back on the offense. These two boys do most of the heavy ball carrying. Poulin around end and Jollicour through the middle.

The Lime City eleven should be able to stop a lot of Winslow drive and solve their defense. During practice this week the Rockland first string men have been running plays against the Winslow defense set up by the second team.

Along with the nice scouting job done by Coach MacDougal and Sgt. Todd and the beautiful showing at Houlton last Saturday, picking up 360 yards on the ground and 114 in the air plus gaining 19 first downs, R. H. S. is looking forward to chalking up a win Saturday. Let's all get behind them.

BUSY DAYS AT ROCKLAND HIGH

Football, Basketball and Washington Trip Lead Extra Curricular Activities

The Senior girls in the commercial department who are helping in the various school offices this week are Kathryn Curry in the High School, Beatrice Chapman in the South School and Ruth Mahoney in the McLain School. Jeanne Merrill, Joan Gardner, and Alice Kinney are doing secretarial work for Mr. Tozier.

Friday a short rally was held in the auditorium with Eunice Pettis in charge. Many peppy cheers were given for the team which left for Houlton the next morning. Short talks were given by Sergeant Todd, Coach MacDougall, Mr.

Randall C. Foster and Richard B. Dow both of Friendship.

Marita R. Crabtree, Gerald E. Ames, Eva M. Burgess, Robert J. Pushaw, Philip W. Pendleton, Clarence Leonard, William C. Rochon, all of Union; Philip L. Morton, East Union; William T. Gleason, South Union; Ralph E. Staples, Rockport; Sidney F. Andrews and William H. Annis, both of West Rockport.

Plummer and Mark Holt.

The lunches served in the cafeteria last week were: Monday, baked spam with pineapple, string beans, mashed potato, bread and butter, white cup cake and milk.

Tuesday, American chop suey, buttered carrots, milk, bread and butter and pineapple pudding.

Wednesday, no school.

Thursday corned beef hash, tossed green salad, bread and butter, milk, apple and cookie.

Friday, tuna fish salad roll, potato chips and peas, white cake and milk.

The Student Council recently voted to have the prices in the canteen reduced from six cents to five cents and from 12 to 10 cents.

meetings will be held during activity period on Wednesdays.

It is with a great deal of pleasure that Mr. Tozier reports that a new Pontiac engine, together with transmission, has arrived at the High School vocational shop from the Pontiac Company, Detroit, to be used in the training of those students enrolled in the automotive shop course. Several more pieces of equipment are needed to give the boys a well rounded out course, and it is hoped that some interested citizen will donate to the High School shop an old automobile, engine, transmission, differential or marine engine.

A fire drill was held during the activity period Friday morning when the High School was having an assembly in the auditorium. The students filed in good order to the fire escapes. Later two moving pictures were shown: "Men and the Sea" and "Happy Valley." The latter was a picture of the Province of Nova Scotia. Thomas Chisholm was in charge.

The students working in the office this week are: Leslie Smallwood, Marilyn Keefe, Grace La Grassa, Norma Olsen, Milton Proctor, Marianne Pellicane, and Diane McAuliffe.

New Athletic Field

Made Possible For North Haven High School By Joseph Amesbury's Gift

At the town meeting Monday night the town voted to accept approximately two and one-half acres of land given by Joseph Amesbury to North Haven High School to be used as an athletic field. This land adjoins the school ground, and will be used for a baseball diamond, and a tennis court may be built in the future.

Before it can be used for athletics, the land must be cleared and graded. The town has voted to raise up to \$800 for the use of heavy machinery to do the work which cannot be done by the students.

The students wish to thank Mr. Amesbury for his gift, and the townspeople for their co-operation in making funds available to prepare it for use.

The first school dance was held Saturday night at the K. of P. Hall and was a success.

The Christmas cards have arrived, and are being sold by the Seniors, who have divided the island into districts, and assigned a district to each Senior. The profits from this sale will go to the Senior class.

Thank You, Mr. & Mrs. N. M. Davies

OF CONGERS, NEW YORK

We're Sure that Millions of Farmers and Consumers Feel Just as You Do!

One of the wonderful things about Americans is their great sense of fair play.

Ever since the anti-trust lawyers announced their intention of putting A&P out of business, tremendous numbers of people like Mr. and Mrs. N. M. Davies of Congers, New York, have deluged us with letters, wires and phone calls.

These people are telling us, as Mr. and Mrs. N. M. Davies do in the following letter, why they like A&P and why they don't want to see this company destroyed.

FRUITS & VEGETABLES

Gentlemen:

The Great Atlantic and Pacific Tea Co.,
New York City, New York

We have been distressed by the possibility that the A. and P. stores, because of unfair accusations, may cease to exist. I wonder if you will see that our letter reaches the proper source, if there is one.

We are farmers, as you know, and not only sell our products, but buy necessary food from local A. and P. stores. We deliver farm produce, daily, to approximately eighteen stores in nearby villages. This includes two A. and P. markets, whose managers very wisely buy on-the-spot, thus saving deterioration due to excess handling, transportation and longer time from the farm to store. Our price to sixteen stores is the same as we get from the two A. and P. stores.

We wondered whether the low prices we see all the time in A. and P. stores might mean that sales people were underpaid. Evidently not, for we have noticed that the same employees stay on year after year, and we know high-school students in our town who have started at the bottom with A. and P. and risen to responsible positions.

Then what is this all about, if the consumers, the salespeople, and risen to responsible positions, the truckmen, the laborers and the farmers those who manufacture your brands, the truckmen, the laborers and the farmers are ALL satisfied?

We believe the answer is simple. The A. and P. has developed an organization whose efficiency should be an example to all stores handling food. If this were so, independent grocers could well expect larger profits. The solution is not in destroying something that has taken years to build, but in encouraging all merchants to still further improve the efficiency of their operations.

Very sincerely,
Niles M. Davies
Lina Davies

For 90 years this company has tried to build a sound business on the basis of giving consumers more good food for their money and giving farmers better markets for their products.

It is heartening to know that the public approves of the job we have done... to know that our policy of fair, honest dealing has won us the friendship of millions of consumers and farmers.

We will always be grateful to all our good friends who have offered us their help.

We are proud to live in a country where such things can happen.

Leighton's Red Sox Winners In St. George High School Contest

The students of St. George High School and Grammar School have been carrying on a magazine drive for the past two weeks. The school has been divided into two teams, one being made up of grades 8, 9 and 12, called Heals' Yanks; the other made up of 7, 10, and 11, called Leighton's Red Sox.

Not running true to national form Leighton's Red Sox were victorious, with total sales of \$387.10 against the Yanks' \$266.50. Beverly Marriott and Flora Hupper were co-business managers. Patricia Benner served as co-captains with Lionel Heal. Daphne Pendleton served with Robert Leighton.

The money earned from the drive will be used for playground equipment, a radio phonograph combination, and to provide funds for the films to be shown this year.

speeches for recording. The machine will be used extensively in language and voice training.

The Senior play cast gave three selections from their play "A Ready Made Family" before the P.T.A. at their harvest supper Thursday night.

The P.T.A. supper at Masonic hall was largely attended. Tables were attractive with yellow jack-o'-lanterns and green squash "vase" filled with autumn flowers. Glenn I. Morris is president of the P.T.A. Mrs. Edgar Libby and Mrs. Frank Halliwell were co-chairmen.

The Seniors are planning the theme for their year book, "The Sea Breeze."

An early selection of prize speaking topics by the Junior Class is being made. This event is due to take place in early January.

Student Council activity tickets are selling for \$2.00. Adult tickets are \$4.50. These entitle holders to attend all basketball and baseball games for the year 1949-1950.

French I classes elected Entre-Nous officers from the French II group. An entertainment for a P.T.A. meeting is planned.

The orchestra is preparing four numbers which it will present at the Senior Class play, "A Ready Made Family," Friday Oct. 21 at Watts hall. Fudge will be on sale under the direction of Charlene Spaulding and Marilyn Maxey.

Recent elections to The Sea Breeze are as follows: Head typist, Helen Sheffield; and proof readers, Gladys Cushman, Naomi Henderson and Irene Johnson.

A matinee of the Senior play will be presented Thursday afternoon at Watts Hall at 2.30. The cast follows: Agnes Martyn, a widow, Priscilla Burton; Bob, her son, Robert MacFarland; Marilee, her elder daughter, Edith Hunt; Miss Lydia, her sister-in-law, Joan Young; Henry Turner, a widower, Frank Hardy; Doris, his daughter, Constance Knights; Sammie, his son, Alden Sewall; Begonia, the Martyn's ducky cook, Kay Lewis; Nicodemus, the Martyn's colored handy man, Elwyn Henderson.

Stage crew and properties, Kenneth Feyler, Merle Hafford, and Irene Johnson; advertising, Marilyn Maxey and Charlene Spaulding; tickets and programs, Helen Sheffield, Donald Paulsen, Sterling Risteen, Charles Tuttle, and Clinton Condon; ushers, Gladys Cushman and Naomi Henderson.

Amity Lodge Has New Officers

Officers of the Amity Lodge of Masons of Camden installed Friday night by Merton Leach, Junior Grand Warden of The Grand Lodge of Maine. Left to right, seated: Harvard Littlefield, senior warden; Merton Leach, the installing officer; Frank Potter, worshipful master; Harold York, grand marshal; Charles Blaisdell, grand chaplain; Ross Howe, marshal. Standing left to right, W. Lovell Thompson; Fred Elwell, treasurer; Lawrence Hopkins, senior deacon; Arthur Hunt, senior steward; Robert Hersom, junior deacon; Robert Monroe, junior steward and Warren Conant, secretary.

ROCKLAND GRADE SCHOOLS

First Grade, Marie Tillock
The First Graders in our room have enjoyed using their new pegs for one of our projects and putting puzzles together this week. These activities for our spare time will help the children develop muscular co-ordination. We thank you, Mr. Claravino.

Our friend Carl Rafferty, Jr., has moved to the North End and is now attending Tyler School.
Monday, for our art lesson, Miss Hutchins had the children illustrate one of our songs, "Little Ducky Diddle." The results were very interesting.

First Grade, Thelma Parsons
We are enjoying the "Animal Parade," a group of paper-mache animals made and loaned to us by Miss Buttmore Grade 5.
Lucy Achorn is absent because of the mumps.

The children are now able to use their peg-boards since the P.T.A. has furnished us with new pegs.

Second Grade, Florence McLellan
The pupils in Grade Two are making farm booklets of original drawings which correlate, language art and penmanship.

All of the pupils made trees for our sand table last Friday. John Koster, Louis Alex, Cynthia Colomy and Margaret McClure are making buildings for our farm project. Caroline Chatto brought a lovely box of toy animals for our sand table. Nearly all the children have brought their favorite toy animals to school.

Last Tuesday Cynthia Colomy brought her pet chameleon to show the children.

The following pupils are serving

on committees this week: Books—Kathryn Argyle, plants—Harlan Pease, dusting—Julianne Oliver. We are sorry to lose Marjorie Cole, who has moved to New York. Calvin Beal has recently entered our class.

Second Grade, Thelma Russell
Due to the epidemic of mumps our class is very small.

In art class this week Miss Hutchins showed the pupils how to make Halloween masks out of paper bags. The experience was very amusing and greatly enjoyed by all.

During the first six weeks of school the birthdays of Geraldine Crowley, Donna Cucinello, Randal Achorn, Esmond Kaler, Adriell Mason, and Elaine Rogers have been observed by the lighting of candles on a wooden birthday cake and having the class sing the birthday song. Later in the month Ronald Hill and Lawrence Terrio will celebrate.

Third Grade, Vera Gordon
Robert Achorn, Woodbury Post, Leo Chase and Robert Kaler have made an attractive paper house with cellophane windows in connection with the story "Juppie's House" in their "Friends and Workers" reader. They are making furniture for it now.

Janice Phillips has loaned us her electric phonograph and Arthur Thomas, Charles Morey, Woodbury Post and Ronald Murray have brought a great many nice records for it.

Sandra Sylvester and Marie Gardner are the room helpers this week.

David Craig brought an interesting inlay puzzle map of the United

States. We enjoyed putting it together.

We are making Halloween masks under Miss Hutchins' supervision. Many happy plans are being made for Halloween costumes, songs and games for our Halloween party.

Third Grade, Alberta Kimball
There are 30 pupils in our grade. Esther Moody from Searsport is our newest one.

In observance of Columbus Day, we made blue and white posters showing one of his ships. A Columbus story was read, and patriotic songs were sung.

We were pleased to have three drawings chosen from our room to be displayed on the bulletin board during Fire Prevention Week.

Steven Crocker has been absent from school for two weeks due to illness.

The class enjoyed looking through Ernest Walting's periscope one day recently.

Flavilla Billings is keeping a record of tardiness of class members. We are aiming at a perfect record.

In connection with our reading stories, we have set up a cardboard circus.

Mrs. McLellan let us borrow her toy store and packages for use in social studies.

Science is proving to be a most popular subject. We have done simple experiments with a thermom-

eter. Fred Ripley brought a soft-shelled crab, and we have displays of nuts and leaves.

Our class participated in a writing demonstration for the pupils of teachers of the third and fourth grades. Miss Ruth Kittle was the demonstrator.

October birthdays will be celebrated by Flavilla Billings, Donald Ott, and Thomas Eagan.

The following girls have brought flowers and interesting items from time to time this year: Barbara Philbrook, Shearer Hooper, Marcia Foley, Joan Perreault and Patricia Arey and Judith Harriman.

Fourth Grade, Sue Sleeper

The pupils in our grade are very proud of the new school building and are much interested in keeping our room as clean and attractive as possible. Violet Widdecombe is chairman of the Helpers Committee. Different pupils are chosen each week to care for the room. Plants and flowers have been brought as an added attraction.

We are trying for improvement in penmanship and were happily surprised to be invited to the demonstration lesson given in Room 6, by Miss Kittle, penmanship supervisor from Topeka Kansas.

For the past month we have been studying about Indians. A large poster was drawn by Mary Bodman and Mary Widdecombe. Some very good individual posters showing Indian life were made by Leland McCluskey, Jean Hunt, Violet Widdecombe and Nancy Metcalf. An Indian exhibit was arranged displaying various articles made at home and brought to school. Col- lecting pictures and books on Indian life has made the subject very interesting to the class.

Row One was the leader for the past month in performance of Daily Health Chores with Row Three a close second.

Folders have been made in Miss Hutchins' art class, for the pupil's drawings.

Free hand outlined maps in color have been completed in connection with the study of the world. Those deserving special mention were drawn by: Mildred Curtis, Sandra Rogers, Judith Smith, Mary Widdecombe, Harold Willey, Betty Carter, Judith Mosher and Gene Freeman.

The class at present is working on booklets of illustrations, with ideas taken from their basic reading books.

Fourth Grade, Rachel Hill

We have been making model boats from wood, clay and paper in connection with our social studies. Mr. Claravino, our principal talked to us one morning about the history of boats, the kinds and uses

of boats, and the part water travel played in the history of our State of Maine.

We have organized two kickball teams: the Giants and the Dodgers. Last week the Giants were ahead. There are 24 pupils registered in this room.

Raymond Robinson and Beverly Davis have been absent for two weeks because of illness.

Francis Weed is chairman for our October program to be given Friday.

A fire engine demonstration was given for the boys and girls of South School. This was in connection with Fire-Prevention Week.

Fifth Grade, Bertha Luce

Thirty-two pupils are enrolled in this grade this year.

We are very glad that Suzanne Barlow is back with us after having the mumps. Robert McGraw is still absent with the same malady.

We were very happy to have Miss Steele with us last week. She told us how to keep well and strong, and how to gain the necessary pounds for the coming year.

We hope to finish our paper-mache animals this week. We have a large menagerie in our room at the present time.

We are enjoying our new building and feel fortunate to be a part of it.

In celebration of Columbus Day, the Fifth Grade Junior Citizenship Club sponsored a class play. The pupils that took part in this play were as follows: William Curtis, Mary Willey, Beulah Ott, Jennie Sukeforth, Lewis Johnson, Catherine Maillard, Nina Hanley, Fred Robinson, James Smith, Richard Molloy, Floyd Firth, Judy Malony, Jacky Spyrow, Joseph Anastasio, Richard Trask, Verda Duncan, Constance Beal and chairman Walter Mosley.

We wish to thank Principal Claravino for loaning us the beautifully carved model of Santa Maria. This added greatly to our program.

Fifth Grade, Margaret Buttmore
Roberta Boothby, Calais, Me., and Sandra London, Jefferson, Me., joined our class this Fall.

The animals which we make in the art class have been loaned to Mrs. Parson's first grade.

Posters for Fire Prevention Week made by Armand Plourd, Melvin Phillips and Frederick Beal are displayed on the bulletin board in the hall.

A group from our class have subscribed for the "Young America Reader" and find it most interesting.

We have been studying "Pioneer Life" and had a fine exhibit of log houses, covered wagons and other things used in the early days of America.

Sixth Grade, Mary Raschack

A committee of four pupils prepared and gave a mock radio quiz show last Friday. The questions covered previous lessons in social studies. Richard Sayward, Mary Grispi, Richard Gardner, and Sandra Harriman worked very hard to make the program a success.

We ordered copper and modeling tools for making hand-tooled plaques. Now that the material has

Rockland Encampment New Officers

Officers of Rockland Encampment 100F who were installed Wednesday by District Deputy Grand Patriarch Alden Dow of Camden. First row, left to right are Bernard Bergren, junior warden; Elliot Smith, senior warden; Kenneth LeGage, chief patriarch; Kenneth Kuhn, high priest.
Middle row, Milton Rollins, scribe; Milton Benner, inside guard; Clifford Achorn, guide; Milton Rollins, Jr., first guard of the tent; Nestor Brown, treasurer.
Back row, George Graves, fourth watch; Harold Kennedy, second watch and Ralph Fowler, outside sentinel.

come, some very attractive ones are being made.

The class went to the Public Library every day this week for lessons on how to use the library catalog, encyclopedias and other references. We wish to thank Mrs. Rogers for her interest and help.

Sixth Grade, Phyllis Hamilton

Grade 6 is very grateful to Miss Rogers, the librarian for the time spent with them each day this week and feel they have benefited by it. It will make it much easier for them in finding material throughout the year.

A quiz program was presented by the two Sixth Grades Friday on social studies. The quiz program covered the two countries recently studied Canada and Australia. The children organizing the program from our room were: Caroline Snow, George Achorn, Evelyn Philbrook, and Robert Merrin.

Seventh Grade, Lois Harjula

The Seventh Grade has organized a club. The name of it is the 7th G. Club and the officers are: Carolyn Bray, president; Joan DeCastro, vice president; Joan Duncan, secretary; and Mary Nichols, treasurer. We meet every Friday afternoon at 2:30. We voted that our dues would be three cents a week.

Each week we have a different program committee. Last week Edgar Robinson and Jan Adleman had charge.

George Ott, Marjorie Bettie and Helen Snowman have brought plants to put in the windows. They make the room look quite cheerful.

The pupils on the Spelling Honor Roll for last week were: Joan Duncan, Kenneth Thompson, Eugene Kemiston, George Ott, Margaret Sawyer, Evelyn Naum, and Ruth Whitman. To get on Honor Roll we cannot miss one word for the week.

Sylvia Doherty is sick with the mumps. During her absence Margaret Sawyer is taking her place working in the cafeteria. Victoria Anastasio and Mary Nichols also work there.

Mr. Plummer and some of the boys have made a basketball court on the floor of the old hanger. It makes a very nice court because it is so smooth and flat.

Eighth Grade, Edward Daley

The students from Room 14 wish to thank Miss Rogers of Rockland's Public Library for the use of the aquarium which she so kindly lent

us. Elson Johnson from Machiasport has entered the Eighth Grade.

We shall complete our science unit on electricity today. To culminate our activity, we hope to make maps showing the development of water power in Maine.

We have received our "Science Kit" and have been able to do several experiments in connection with our unit on electricity.

Seventy-five thousand men were directly employed in the construction of Rockefeller Centre, New York.
